Interests

Interest

- Conversational AI: Exploring advancements and applications in Aldriven communication systems.
- **Data Analytics Tools & Techniques:** Passionate about discovering and experimenting with the latest tools and methodologies in data analytics.
- AI/ML Advancements: Keeping up-todate with innovations and breakthroughs in artificial intelligence and machine learning.

Summary

Data Analyst with 1.5+ years of experience in transforming complex data into actionable insights. Proficient in Python, SQL, and machine learning, with a strong track record of optimizing data workflows and driving business decisions. Adept at data visualization, EDA, and feature engineering to deliver impactful results.

Training Experince

AlmaBetter Edutech Pvt.Ltd

Teaching Assistant Data Science

AlmaBetter

- Fostered collaborative learning, aiding students with coding and project work.
- Simplified complex topics and provided technical support.
- Assisted in developing data analysis workflows and best practices.

Collaborative learning, coding, project work, data analysis workflows, technical support.

AlmaBetter Edutech Pvt.Ltd

04/2023 - 05/2024

03/2024 - Present

Bengaluru

Data Analyst Trainee

Bengaluru

AlmaBetter

- Gathered and analyzed data using SQL and Python for informed decision-making.
- Created interactive dashboards and reports with SQL, Python, and Tableau.
- Evaluated data sets for actionable insights.
- Collaborated with teams for data-driven strategies.

Data Integrity, Data Transformation, Data Stories, KPI Development, Data Reporting, Data Visualization

KultureHire Education Technology Pvt.Ltd **Business Analysis Intern**

09/2022 - 01/2023

KultureHire

- Improved data accuracy by 15% through data collection, cleaning, and analysis.
- Conducted market research and competitor analysis, presenting actionable insights.
- Developed data-driven business strategies using statistical analysis and visualization.

Data cleaning, market research, competitor analysis, statistical analysis, data visualization.

Academic Projects

OYO HOTEL BOOKING ANALYSIS EDA

07/2023 - 08/2023

GitHub

- Executed in-depth EDA on hotel booking data to derive actionable insights.
- Improved booking prediction accuracy by 10% using advanced statistical techniques.

EDA, Python, data cleaning, data transformation, data visualization, statistical techniques.

Manufacturing Insights using Power BI

10/2024 - 10/2024

GitHub

Analyzed manufacturing data using two datasets.

- Cleaned and merged datasets in Power BI.
- Applied **DAX** to answer key questions.
- Created visualizations and a comprehensive dashboard.

DAX Functions, Dashboard Development, Insights Generation, POWER QUERY

Coffee Shop EDA with SQL Workbench

10/2024 - 10/2024

GitHub

- Data Preparation: Cleaned and structured raw data.
- SQL Analysis: Analyzed sales, orders, and quantities.
- Visualizations: Created heat maps and trend charts.
- Key SQL Functions: STR_TO_DATE, SUM, COUNT, AVG, JOINS.

SQL Workbench, Sales Analysis, Exploratory Data Analysis (EDA), Data Cleaning, Trend Analysis

Customer Segmentation using Machine Learning

02/2024 - 02/2024

GitHub

- Applied K-Means clustering to segment customers based on demographics and behavior.
- Used Pandas, Plotly, and Scikit-learn for data analysis and visualization.
- Enhanced marketing strategies by identifying key customer groups from Kaggle data.

Consumer Patterns, Customer Insights, Machine Learning Algorithms, Marketing Optimization, Market Segmentation

UNSUPERVISED ML - NETFLIX MOVIES AND TV SHOWS CLUSTERING 01/2024 - 03/2024 GitHub

- Applied clustering algorithms to segment Netflix data, enhancing content recommendation strategies by 5%.
- Implemented K-Means and Hierarchical Clustering for pattern identification.

Hierarchical Clustering., K-Means, Netflix data analysis, clustering algorithms, Unsupervised learning

Relevant Courses

AlmaBetter

04/2023 - 05/2024

Proficient in Python, SQL, Excel, Machine Learning, and Data Visualization techniques. Skills: Python, SQL, Excel, Machine Learning, Data Visualization.

RELEVEL By Unacademy

01/2022 - 02/2023

Gained expertise in Data Analysis, Business Intelligence, and Decision Modeling. Skills: Data Analysis, Business Intelligence, Decision Modeling.
